

WHAT IS I STAND WITH IMMIGRANTS?

The I Stand With Immigrants initiative, powered by the FWD.us Education Fund, Inc., leads narrative campaigns that empower immigrants and allies to share their stories and drive action that demonstrates how immigration is good for our communities, economy, and country. We do this with the goal of encouraging everyone to explore their individual heritage and celebrate both our distinct and shared experiences.

THE COLLEGE AND UNIVERSITY DAY OF ACTION

The annual college and university I Stand With Immigrants Day of Action is an effort to bring students and the higher education community into this initiative. Participating in this Day of Action can help your campus showcase support for immigrant students, faculty, and staff; jump-start conversations about immigration; and bring like-minded students together for advocacy.
