Equitable Adult Learning

Four Transformative Organizations Serving Diverse Communities

Edited by **Bob Hughes, Deanna Iceman Sands** and **Ted Kalmus**

Series: American Association for Adult and Continuing Education

This book provides case studies written by practitioners from four organizations serving diverse adult learners in equitable, inclusive, and just ways. Their work employs an adapted version of the Education Deans for Justice and Equity Framework for Assessment and Transformation, a comprehensive tool grounded in research on equity and justice. The editors situate this book in the history and need for increased equity and justice in adult education. This book will appeal to academics in adult education, social justice education, qualitative research methods, and organizational development. Organizations and practitioners will find exemplars of how to live into their intentions to be equitable and just.
